

# Digital Investor Onboarding

A simpler, faster and more secure way to complete your onboarding with Grandslam Equity

Grandslam Equity has partnered with Juniper Square (JSQ) to provide a fully digital onboarding platform. This replaces the paper-based process with a secure, streamlined experience – reducing the time and effort required of you as an investor, while maintaining the highest standards of data security.

## WHAT TO EXPECT

- 1** Receive your secure onboarding link  
The Investor Services team will send you a personalized, encrypted link to access your JSQ onboarding portal.
- 2** Create your profile and enter account details  
You will be guided through entering your investor account information directly within the platform – no paper forms required.
- 3** Upload your documents  
You will be prompted to upload relevant supporting documents. Some documents may be required across more than one category – simply upload the same document where requested. Upload the document you believe best fits each prompt.
- 4** Sign electronically via DocuSign  
Once your information is complete, you will receive a DocuSign notification by email to sign your documents. Both digital and original (“wet ink”) signatures are accepted.

### How long does it take?

Most investors complete the process in under 30 minutes. Our team is available throughout to assist if you encounter any difficulty.

## KEY POINTS

- All correspondence will be managed through the Investor Services team –you will not need to liaise with multiple contacts at Grandslam.
- Confidential information is transmitted securely through JSQ – sensitive documents will never be attached to a standard email.
- For future investments in other Grandslam Ventures your previously submitted information stored in JSQ may be reusable, subject to currency and eligibility checks.
- JSQ supports onboarding across multiple funds and regions, making future investments with GrandSlam faster to complete.

## BENEFITS

### ENHANCED SECURITY

Your personal information is transmitted through a secure, encrypted platform – never via standard email.

### REDUCED TIME BURDEN

Online inputs replace lengthy paper forms. No printing, scanning, or posting required.

### FLEXIBLE SIGNING

Digital signatures via DocuSign and original “wet ink” signatures are both supported.

### SINGLE POINT OF CONTACT

One dedicated Investor Services team manages your onboarding end-to-end, so there's no need to manage multiple contacts

Ready to begin? We are here to help.
